DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Cline et al. (US 5368031). Cline et al. disclose a medical apparatus for the treatment of a lumen, comprising an energy delivery device (230) including a sensor (col.2 lines 21+), the energy delivery device connected to an energy generator and engaging a positioning device (250), the energy delivery device emitting energy received from said energy generator, the positioning device automatically moving the energy delivery device in response to signals received from said sensor.
